PIRATE BAND WILL BE IN CHARGE OF AD CLUB HEADQUARTERS IN THE SELLING CAMPAIGN WEDNESDAY

(Continued from page one)

evening. For instance, if at the end of the first hour, \$2000 worth of stock has been sold, a bullet from the cannon will be sent crashing into the 3000 circle on the target. When the required \$15,000 is received, the cannon will be directed at the bullseye and the center of the target shattered.

In addition to the indicator at the Bishop street headquarters, there will be another in the window of May and Company, which window will be fitted up as a miniature target range. The progress of the campaign will be shown there each hour. The work which each team will do has been arranged in a manner which will enable each team to bring in approximately the same amount of money. Each team leader will be provided with a list of the names of firms and persons which he and his assistants will reach. A greatly interested member of the Ad Club will present an oaken and silver shield to the organization upon which will be engraved the names of the members of that team making the largest sale throughout the campaign. This will be a permanent trophy in addition to those already in the club's rooms.

The campaign will end at 6 o'clock, at which time the leaders and their assistants will take dinner at the Young hotel. The cash received by the pirates at headquarters will be handled with great ceremony and carefully guarded with cutlasses and the Kaimalua cannon. All cash will be banked to the credit of the Honolulu Ad Club Carnival Sales Committee, and a single check afterwards will be drawn and turned over to the carnival finance committee. A band of pirates will escort the cash to the bank at designated periods.

Besides the several teams, a bevy of young ladies will make their headquarters at the offices of Gunst and Company and endeavor to sell stock to every person passing that way who has not been tagged. As soon as person has purchased stock, he will be presented with a tag as well as a receipt. Definite instructions have been issued to all teams and it is expected to sell stock to every man on the street not tagged. In all cases, an endeavor will be made to sell at least \$10 worth of assessable stock. This will mean the immediate cash payment of \$1 and the possible maximum expenditure of not more than \$5 in one year. People interested in the carnival and the work of the Ad Club have offered to place a number of automobiles at the disposal of the

salesmen. An accurate account will be kept not only of the total amount of the cash received, but of the work done by each team during the campaign, and a large bulletin board will grace the Bishop street headquarters for this purpose.

Commissioner James A. Wilder will place an entire patrol of Boy Scouts at the service of the committee, as its help will be greatly needed during the actual selling work. The members of the Japanese team and the Chinese have not as yet been appointed, but it is expected that this will be completed tomorrow. Mrs. Charles Crane has been appointed as leader of the ladies' team.

Following is a list of the team leaders and their assistants:

to the "bow-wows," I think he can be brought around to see the fallacy of his ways and will be only too glad and willing to amend and correct them.

Mr. McCandless says: "President Wilson gave me his personal assurance that he considered that free sugar would work an injustice to Hawaii, and for that reason he requested his party in Congress to insert the three-year clause in the tariff bill. He did this out of regard for Hawaii."

"There you have it direct from the president's mouth through Mr. McCandless. The three-year clause was inserted to try it out, as it were. We have it also through Governor Pinkham, he said.

"If it becomes apparent to Congress and the administration that the sugar industry of Hawaii will be unable to adjust itself to a condition of open competition with other sugar-producing countries, congress will not permit the total destruction of the industry in these islands."

I tell you we are prone to criticize too severely and too hastily. We jump at conclusions without sufficiently weighing matters and conditions. Of course, it would be hard to have our very commercial vertebra broken, but it isn't broken. It's only bent a little and I wouldn't be surprised, in fact I fully expect, sooner or later, to see the people of Hawaii, and the same people who are now wearing a long face and criticizing President Wilson falling over themselves to get in on the rising sugar stock market which will be brought about by a wise president who is interested in seeing all the American people prosper.

Very truly yours,
RAYMOND C. BROWN.

**MOTHER! IS CHILD'S
STOMACH SOUR, SICK?**

If tongue is coated or if cross, feverish, constipated, give "California Syrup of Figs."

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels, and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for all ages and for the treatment of colic, constipation, and for the treatment of the bowels. Remember, there are counterfeiters sold here, so surely look and see that

because the swollen glands and inflamed membranes often affect other tissues and impair their healthy action.

Scott's Emulsion stands alone as nature's corrector of throat troubles; its cod liver oil is speedily converted into germ-resisting tissue—the glycerine is curative and healing, while the combined emulsion up-builds the forces to avert the weakening influence which always follow throat troubles.

SCOTT'S EMULSION is best for three important reasons—it relieves the trouble; it prevents a relapse; it is not charged with alcohol or stupefying drugs.

Shun substitutes and insist on Scott's.
